THE JOHN CARROLL SCHOOL

GLOBAL STORIES START HERE

The John Carroll School has a well-established international student program that supports and furthers our mission to develop students who will embrace opportunities and excel as leaders in the global society.

For the 2019-2020 academic year, 52 international students from 13 countries enrolled at John Carroll.

First year international students participate in a mentorship program which pairs them with American students who are interested in building international friendships. International students also participate in excursions to cities such as Washington, D.C. and New York and attend special events such as our Annual International Student Luncheon & Dinner and yearly Lunar New Year Celebration.

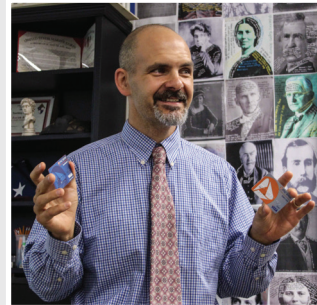

ACADEMICS

- 710 male and female students
- Average class size: 19
- Student-teacher ratio: 11-to-1
- 94% acceptance rate to first choice college
- Tens of millions in academic college scholarships awarded in past two years alone
- A majority of the faculty and staff hold an advanced degree
- 50+ AP and Honors courses
- Special programs: STEAM, Financial Literacy and Entrepreneurial Exploration (FLEX), and Diploma with Distinction in Fine Arts and Science
- Two full-time college counselors and programs to help students apply to US colleges and universities

The STEAM Academy: Science, Technology, Engineering, Art and Math

The STEAM Academy at John Carroll was established for students with a strong interest and aptitude for science and/or mathematics. The Academy provides each student with the opportunity to explore different science, technology, engineering, arts and mathematics fields. Students who participate in the Academy earn an Honors Distinction in STEAM and are prepared to pursue STEAM-related majors and programs of study at competitive colleges and universities.

Financial Literacy & Entrepreneurial Exploration (FLEX) Program

John Carroll's Financial Literacy and Entrepreneurial Exploration (FLEX) Program gives students the business smarts to develop their own products and services and make an impact in the world. Entrepreneurial Exploration students can also choose to dual enroll at both the University of Delaware and Harford Community College for the opportunity to earn college credits.
