

THE JOHN CARROLL SCHOOL

Science Olympiad Team Information & Invitation!

Science Olympiad is like an academic track meet. There are team events in biology, earth science, chemistry, anatomy, physics, geology, mechanical engineering, technology, music, and many other fields. Science Olympiad supports a wide cross-section of students to get involved. Emphasis is placed on active, hands-on group participation.

Last year, the John Carroll Science Olympiad Team (pictured) had a great record!

- Chemistry Lab: First place; Anatomy & Physiology: First place
- Protein Modelling: First place; Forensic Science: Second place
- Experimental Design: Second place; Write It, Do It: Second place
- Codebreakers: Second place; Boomie Lever: Third place
- Ornithology: Fourth place; Circuits: Fourth place

Why Join the JC Science Olympiad Team?

The Team can:

- 1.) Be a great addition to your college and scholarship applications and academic resume.
- 2.) Give school and community wide recognition.
- 3.) Be an opportunity to conduct science labs and explore ideas not offered during the regular school day.
- 4.) Give you a chance to build cool gadgets.
- 5.) Develop teamwork and collaboration skills.
- 6.) Enhance your science process skills to aid in your classes.
- 7.) Fantastic way to make new friends and have fun!

Contact the Science Olympiad Advisors if you are interested in joining the Team.

We would love to hear from you!
